

# Solar Astronomy: Secrets of the Sun

## Fun websites to check out:

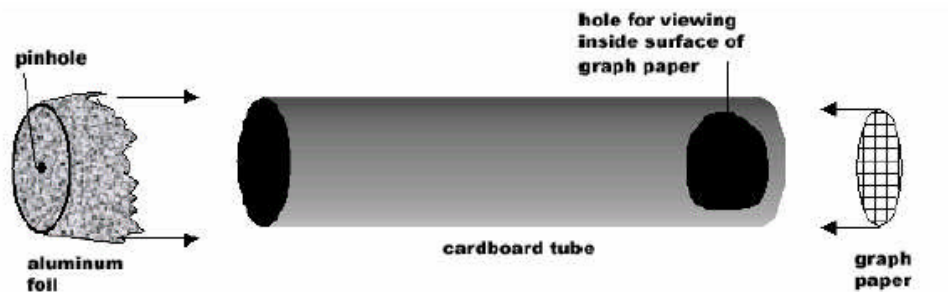

- \* The latest news about the Sun and Space Weather Conditions:  
<http://spaceweather.com/>
- \* See a new amazing astronomy picture every day:  
<http://antwrp.gsfc.nasa.gov/apod/astropix.html>
- \* Learn about astronomy, and play games:  
<http://www.kidsastronomy.com/>

## Fun places to visit in the Bay Area:

- \* **Lawrence Hall of Science:** Fun exhibits and planetarium. (Berkeley)  
<http://www.lhs.berkeley.edu/>
- \* **Chabot Space & Science Center:** Fun exhibits, observatory, and planetarium. (Oakland)  
<http://www.cosc.org/>
- \* **NASA-Ames Research Center Visitor's Center:** 3D Mars Reality Theater. (Mountain View)  
<http://amesnews.arc.nasa.gov/visitorcenter/visitorcenter.html>
- \* **Exploratorium:** A hands on science museum. (San Francisco)  
<http://www.exploratorium.edu/>
- \* **Cal Day:** Explore the UC Berkeley campus, astronomy lectures and demonstrations, April 17<sup>th</sup>. (Berkeley)  
<http://www.berkeley.edu/calday>

---

## The Pinhole Camera:

- \* Detailed pinhole camera instructions and other fun activities:  
<http://www.chabotspace.org/vsc/exhibits/solarb/educationresources/touchthesun/default.asp>
- \* The **SOHO** (solar observatory) home page:  
<http://sohowww.nascom.nasa.gov/>
- \* The **SOHO** image archive:
